CHANGE IN FARM
PRODUCTION ADVISED

By The Associated Press
COLUMBUS, O., Aug. 11 — Farmers must revise their production habits because grain supplies are inadequate for raising hogs and prime beef, Murray L. Lincoln, Ohio Farm Bureau director and a U. S. representative at the United Nations food conference, asserted today.

Lincoln explained that seven pounds of livestock feed grain were required to produce one pound of meat, which he said had been the nutritive value of the grain used to produce it. He said wartime shortages required a shift to a diet consisting largely of cereal foods.

Commenting on a Washington report that a \$5,000,000,000 program to contract with farmers for food production was under consideration, Lincoln said some plan makers necessary to guarantee production, an adequate return on their investments.

Lincoln would prefer to see the food production problem solved without the use of subsidies, Lincoln said in an interview, "because once a habit of thing starts, it's hard to stop. But the important thing is to get production, and some governmental plan may have to be followed as the lesser evil."

Normandie Continues To
Take Upright Position

By The Associated Press
NEW YORK, Aug. 11 — The French liner Normandie, which is an angle of 33.88 degrees to a vertical today, the smallest deviation since righting operations began.

Capt. Raymond E. Manseau, the Navy supervisor of salvage operations, said when the vessel heeled at an angle of 37 degrees, operations would be suspended temporarily to allow repairs of concrete which were poured into the ship in the last stages of repair work.

The ship had a 79-degree list when it was in the Hudson river

MARION SCHOOL
LEVY LOSES BY

The Marion city schools two-mill levy was defeated, 2,237 to 1,632 in yesterday's primary.

It lost by a margin of 605 votes. It received a favorable vote of a little more than 42 per cent and would have required a 51 per cent favorable vote for passage.

Early returns last night indicated the eventual outcome of the voting, the first five precincts giving the proposal an unfavorable vote of 361 to 203.

Only two of the six wards gave it favorable margins, the Fifth ward reporting 319 favorable votes to 285 opposed, or a majority of 34 and the Sixth ward casting 477 votes for it and 459 against, or a favorable margin of 18. It also carried the two rural precincts voting on it by a vote of 9 to 5.

It failed in the First ward by a margin of 238 votes, in the Second ward by 213, in the Third by 118 and in the Fourth by 91.

Aside from Marion township north where it received three unfavorable votes and no favorable ballots, the levy took its worst setback in Precinct E of the Second ward where the totals were 15 favorable and 60 unfavorable—a four-to-one negative vote.

Only nine of the 32 precincts voting on the levy gave it favorable margins.

Board to Meet Soon
School officials today said effects of the defeat of the levy could not be definitely foreseen at once, but that a special meeting of the board of education will be called soon to study what steps will be necessary.

They said it is altogether probable the board will be obliged to follow one of the choices outlined in the advance announcements made during the levy campaign. These choices were to reduce the cost of schools in 1944 by \$30,000 which probably would mean reduction of wages for the school year 1944-45 and failure to allow normal increases on the salary schedule, or to pay the present wages for the next school year and close schools during the last three school weeks of 1944.

3,909 Votes Cast
A total of 3,909 ballots were cast in the election, the board reported. Of this total 2,280 were Republican votes and 1,629 Democratic.

The election turnout exceeded expectations of election board officials. Chiefly responsible for the unforeseen turnout was the two-mill school levy which was defeated, 2,237 to 1,632. The levy was designed to provide two mills for a two-year period for school operating costs.

Dowler in winning the Republican nomination for mayor from Johnson, a building contractor, carried 21 of the 30 precincts including his own, 6-A, in which he got 93 votes to 20 for Johnson. Among the nine precincts won by Johnson was his own, 2-D, in which he received 41 of the 52 Republican votes which were cast.

Carries 26 Precincts
Drake won by an even larger majority as far as precincts are concerned. He was high in 26 of the city's 30 precincts and tied for first place in two others. Kessler was high in two and tied Drake in two others. Luse failed to carry any precinct, including his own in which 55 Democratic votes were distributed as follows: Drake 23, Kessler 14 and Luse 18.

Of the 80 votes cast in Drake's precinct, 1-D, 62 favored him, five were for Kessler and three for Luse. In 3-C, Kessler's precinct, the Democratic vote was 37 for Drake, 14 for Kessler and three for Luse.

Aside from the majority party races and the two-mill school levy, only other principal feature of the primary vote was the Republican race for council-at-large. Five candidates sought the three nominations.

Pearl H. Sells, incumbent candidate, led this vote with 1,464 votes. Second highest vote getter was Charles H. Tate, proprietor of the Little Bazaar at 146 North Main street, who polled 984 votes. Malcolm J. Severns, an expressman, was the other successful

candidate. He received 879 votes. The two other candidates and their votes were: George Primm, a blacksmith, 834, and Clarence H. Sanden, a railroad clerk, 799.

Sells was high in 26 precincts and tied for first place in one other one. Primm was high in two precincts and tied for first place in a third one. Tate carried one precinct, was second in 14 and tied for second in two others.

Nominated in Second Ward
The only other contest in the entire election was for the Republican nomination for Second ward councilman. LeMay Thomas of 318 Chestnut street, defeating Delbert L. Scheitler of 413 Lee street, 116 to 73.

Names of two candidates will be placed on the November ballot as a result of successful write-in campaigns conducted by the Democratic organization. Frank M. Foster of 396 East Church street, president of the Houghson Sulky Co., received 454 write-in votes for the Democratic nomination as president of council. Robert Kelly, a write-in candidate, received 419 votes.

FSA UNDER FIRE
BY COMMITTEEGroup of Congressmen Find
Soviet-Type Collective
Farms in U. S.By The Associated Press
LOS ANGELES, Aug. 11 — A four-man congressional committee named to investigate the farm security administration declares it has found thousands of collective farms have been established in various states.

The committee chairman, Rep. Harold D. Cooley (D-NC) asserted in an interview that these farms, established by the FSA, were modeled after similar farms in Russia and that they are costing taxpayers millions of dollars.

The purpose of the committee's investigation, he said, is to recommend legislation for the elimination of objectionable FSA projects.

"Some one had a dream back in 1935, and designed a rainbow," Rep. Cooley said in an interview with the Examiner. "We are trying to find it and, but it's so complicated I doubt if we ever will."

The "rainbow," said Cooley, was created when Rexford G. Tugwell, now governor of Puerto Rico, was farm security administrator. Formed as a relief program the FSA to date has spent more than a billion dollars, he stated.

(In hearings in Washington, the Farm Bureau Federation through President Edward A. O'Neal, charged the FSA with "stifling and shocking conditions of waste, extravagance and indefensible practices" which O'Neal termed "a national disgrace."

O'Neal urged abolition of the FSA and transfer of its essential functions to other farm agencies.)

"Much of the expenditure was not authorized by provisions of the act, and \$100,000,000 of expenditures have been suspended for this reason," Cooley added. "We are convinced that many, many more millions will also be found to be unauthorized."

The congressman declared that the collective farms almost without exception lack authority of law.

"We found families making up to \$250 a month living in FSA houses rent-free, and some families making \$400 a month paying the government \$1.75 or \$2 a week rent, with all medical attendance and utilities included," Cooley declared.

HALIFAX IN LONDON
By The Associated Press
LONDON, Aug. 11—Lord Halifax, British ambassador to the United States, and Lady Halifax arrived in Britain today.

Lt. West only recently was transferred from an Army air field in Florida to another Army air base at Walla Walla, Wash. When he was transferred his wife went to Lubeca, N. Y., to visit his parents. Mr. and Mrs. Rowland J. West. She was expected to return to Marion Sunday to visit her parents before leaving for the west coast to join her husband.

No details of his death were contained in the telegraphic notification received here.

Lt. West enlisted in the air corps in January of 1942 while attending Ohio Wesleyan university at Delaware. He was taking arts course at the Delaware school and was affiliated with Sigma Chi social fraternity.

He was commissioned a second lieutenant and received the wings of a pilot in the Army air corps in graduation exercises at McAllen Field, Texas, on May 24 of this year.

Lightning Bolt Kills
Six at Fort Belvoir
By The Associated Press
FORT BELVOIR, Va., Aug. 11 — Lightning struck among six soldiers doing training work on the Fort Belvoir drill field late yesterday, fatally injuring the entire group.

The six were the only men on the field at the time, according to Capt. Don Swan, and no one else was hurt.

The victims, all privates, and members of Company C, provisional battalion replacement, were: Philip W. Hiance, Cold Springs, Ky.; Russell R. Heller, Philadelphia; James A. Hood, Augusta, Ga.; Chester E. Dearing, Richmond, Va.; C. J. Caverly, Muskegon, Mich.; and Julian D. Roth, Chicago.

His right to drive cannot be suspended, however, until the registrar of motor vehicles has served notice requiring the individual to satisfy or stay execution of the judgment within 30 days from the date of the notice, or show cause why the driving license should not be lifted.

Further, the registrar is required to vacate the suspension or

RUSSIAN DRIVE
IS UNCHECKED
ON TWO FRONTSReds Take More Towns in
Advance Toward Kharkov
and Bryansk.By HENRY C. CASSIDY
Associated Press Correspondent
MOSCOW, Aug. 11 — The Red army is rolling on unchecked in its two drives toward the Ukrainian city of Kharkov and Bryansk to the north, capturing village after village and inflicting heavy losses on the retreating Germans, the Russians declared today.

With Kharkov pocketed on three sides by a five-pronged drive, another Russian column has bitten deep into the rich Russian grain territory and is only 14 miles from Sumy and 190 miles east of the capital city of Kiev, a Soviet communique disclosed.

Sumy, an important railroad point, is located some 80 miles northwest of Kharkov on the line linking the steel center with the German base at Bryansk.

Rail Town Taken
The Russians announced their forces advancing toward Bryansk along the railway from Orel had captured a railway town 45 miles east of the city.

Seventy towns and villages were reported captured by the Russians in the Kharkov sector and 30 more in the Bryansk area as the Red army marked up important gains in a general advance along the active front almost 300 miles in length.

One of the five Russian columns threatening Kharkov has captured Slonovo, 12 miles north. A second was reported 30 miles due west and a third 45 miles northwest.

Another force has stormed across the upper Donets river to within 20 miles of the city on the east, while a fifth is 25 miles due east, the Russian communique declared.

Nazis Resist Stubbornly
The Russian advance was made in the face of stubborn German resistance.

The drive on Bryansk, another vital base for German operations in Russia, still was in its early stages. As yet there were no indications of the development of an encircling movement such as marked the capture of Orel from which the advance was launched a week ago. Nevertheless, the Red army was making rapid progress, having covered more than half the distance from Orel.

(Today's German communique said the Russian attacks south and southwest of Vyazma continued "with unabated strength," but declared that outside of a "few dents of local nature" the front remained firmly in German hands. The communique also asserted that all Soviet attacks in the Orel and Belgorod areas had "collapsed" and that 348 Russian tanks were destroyed yesterday.)

Report Railroad Wage
Agreement Is Reached
By The Associated Press
WASHINGTON, Aug. 11—Labor circles heard today the 15 non-operating railroad unions had completed a contract with the carriers providing for the full 8-cent hourly increase recommended by an emergency board and that the agreement would be submitted directly to President Roosevelt for approval.

The unions originally asked for a 20-cent increase and a minimum wage of 70 cents an hour.

U. S. Canadian Units Join
Advance patrols of the American Seventh army moving in a line almost directly east from Cesaro in the interior were reported to have made a junction with Canadian units rounding lofty Mt. Etna from a northeast direction.

One of the riddles of the stubborn axis defense was solved and partly liquidated yesterday when American officers discovered that heavy artillery hammering from the American columns operating along the San Agata-Cesaro line had been brought over an unmapped mountain road.

Randazzo itself was little more than a heap of blazing rubble.

First To Land.

A letter received by Marion parents this week from their son who is with a paratroop division overseas informed them that he was among the first to land in Sicily and describing conditions there.

Pvt. Francis Huffman, son of Mr. and Mrs. Hiram Huffman of 128 Plymouth street, told his parents how parachute troops held the island for 30 hours until ground troops arrived, described the people there as friendly and declared "Things are not as bad here as you might think," ending with the remark, "I'll be seeing you soon."

In the service two and a half years, Pvt. Huffman has been overseas four months and in Sicily one month. Before entering service he was an employee of the Erie Railroad Co. here.

British Within Sight of Italy,
U. S. Troops Advance in NorthWarships Blast Italian Shipyards in Bay of Naples and Rail
Lines on Mainland.By The Associated Press
ALLIED HEADQUARTERS IN NORTH AFRICA, Aug. 11 — The British Eighth Army in Sicily advanced to within sight of the Italian mainland while British warships bombarded Italian shipyards in the bay of Naples, 110 miles south of Rome, and other mainland military targets. Allied headquarters announced today.

British forces advanced seven miles along the east coast of Sicily under the shadow of Mt. Etna to capture the town of Guarata, 16 miles south of Palermo and 40 miles from Messina, the bulletin announced. British Tommies on the east slopes of Mt. Etna thus gained their first view of the Italian mainland.

The inshore bombardment of the construction and repair yards at Castellammare at the southern edge of the bay of Naples took place Monday night, with British destroyers and cruisers moving in close to the target to pour round after round into the yards which were capable of handling ships up to 300 feet in length.

At the same time other units of the fleet attacked Cape Diabolo on the instep of the Italian boot about 25 miles north of San Giovanni where the main Italian railroad lines operate close to the shore of the Tyrrhenian sea.

On the north coast American Seventh army forces "consolidated the positions reached in the successful landing operations at the mouth of the Romanino river reported yesterday," the allied communique said.

(The Italian communique, recorded by The Associated Press from a Rome broadcast, said heavy defensive fighting took place in the central and northern sectors of the Sicily front "in order to check the enemy advance.")

Raiders Kill 124
(Total of 124 persons killed and 392 injured in the last RAF bombing of Turin, Milan and Genoa in northern Italy, including 101 killed and 287 injured at Milan. The communique said "Messina" was "intensively and repeatedly bombed" yesterday.

(Four transports, two steamers, a light cruiser and a destroyer were damaged in axis aerial attacks at Augusta, Palermo and Syracuse, the communique declared.)

Advancing American and Canadian columns converging on Randazzo, key to the axis last ditch defense of the Messina bridgehead, found the mountain roads blocked by masses of volcanic rock torn from the hills by Nazi dynamite crews while small units of machine gunners entrenched in strong points, protected in some places by barbed wire pecked away at the attacking forces.

The fall of Randazzo appeared imminent, however, as the Germans continued to withdraw the bulk of their forces and equipment and reports placed the allied columns within seven miles of the mountain town.

(A Reuters dispatch to London said the distance was only two miles.)

WIN THIS YEAR
IN EUROPE IS
BRITISH CRYPrime Minister Meets Mac-
Kenzie King as Prelude to
Roosevelt Parley.By The Associated Press
LONDON, Aug. 11—Prime Minister Churchill's journey across the Atlantic for his sixth wartime meeting with President Roosevelt stirred spontaneous and optimistic talk in London today of a "victory this year" assault on Europe.

Virtually unanimous agreement was expressed on all sides that allied chieftains were getting together to lay final plans for the grand offensive in Europe of war other than the Mediterranean where overwhelming allied military might already has asserted itself.

The presence of Britain's top-flight military men with Churchill in Quebec led to one conclusion—that United States, British and Dominion forces soon would be storming the European continent from many directions in fulfillment of Churchill's own prediction of a combined effort before winter.

The absence of Premier Joseph Stalin was noted by most commentators.

Foreign Secretary Anthony Eden's newspaper, the Yorkshire Post, said, however, it was understood that he had been invited but was unable to attend. The Post added that Stalin was being informed of developments "almost hourly."

Allies Hold Initiative
The dominating position of the allies, who now hold the initiative everywhere in the Pacific and Europe as well—as admitted in a broadcast by German radio commentator Lt. Gen. Kurt Dietmar who told the German people, "Germany and her allies are now on the defensive."

With Italy virtually beaten to her knees, it was generally regarded as certain that the forthcoming talks between the British prime minister and the American President would deal primarily with putting a quick end to the Italian campaign as the allies can turn their full attention to Germany.

The next move was expected to be on an even broader scale than the successful Sicily invasion, with the objective of forcing Germany to withdraw a substantial part of her troops from the Russian front.

The possibility that Germany may be defeated this year is being discussed—even though cautiously—in all quarters, and the fact that Premier Joseph Stalin has committed large armies to his present summer offensive underscores this hope.

Indications that Britain may be the scene of major military operations are:

1. Reports that large areas of Britain's coastline will be hurried to visitors in the near future.

2. Arrival in Britain of substantial reinforcements of fully-trained American and Canadian troops together with a great increase in the number of available air bases.

3. A noticeable influx of high-ranking axis officers from other war theaters, together with a heavy increase in railway traffic throughout Great Britain.

Creation of a new military command even more comprehensive than the combined command in the Mediterranean for military talks on the European mainland was suggested by the lines of London as a possible major objective of the Churchill-Roosevelt conference.

"The allies have gained so much during the summer that even the wildest and most far-sighted plans are in danger of being outmoded by events," the Times said.

Prime Ministers Meet
in Ancient Fortress
By The Associated Press
QUEBEC, Aug. 11—Within the ancient battlements of an obsolete fortress, the prime ministers of Britain and Canada surveyed today the heartening successes of allied stabs at the axis and the strategy needed to expand them into assaults designed to attain a total victory.

The conferences between Winston Churchill of Britain and W. L. Mackenzie King of Canada and their chiefs of staff were a prelude to later discussions between Churchill and President Roosevelt and British-American military experts.

The round, ever-spectacular Churchill again had surmounted the dangers of a wartime crossing of the Atlantic for war talks which appeared certain to be translated into more bad news

Unified Air Command Favored by 59 Per Cent of Poll Voters

By GEORGE GALLUP
Director, American Institute of Public Opinion

PRINCETON, N. J., Aug. 10.—With repeated demonstrations of the importance of air power in all theaters of the war, a campaign is being conducted to create a separate unified command for all the American forces under a Chief of Staff in a War Department.

The American people, long leaders in aviation, have become even more interested in recent months through the influence of reports from the front. The public is being educated by the news papers and by the radio.

A coast-to-coast survey conducted by the American Institute of Public Opinion, a Princeton, N. J., organization, has shown that 59 per cent of the adult voting population favors the creation of a separate unified command for all the American forces under a Chief of Staff in a War Department.

The survey was limited to the United States and was conducted by telephone and by mail. The results of the survey are as follows:

Would you approve or disapprove of a separate air force for the United States?

Favor Separate Air Force 59%
Opposed 41%

Bills have been introduced in both houses of congress to establish unified air command. The issue has been brought into the limelight by a campaign of the Washington Post to focus attention on the air-unification proposal.

In an editorial which was reproduced last week throughout the key cities of the country, the Post pointed out that "Guadalcanal there have been Army, Navy and Marine Corps air squadrons each using their own independent supply system, ground crews and maintenance equipment. The Post contends that "four bomber strength

Grade III Tire Aid Requested by OPA

Grade III tires have become so scarce and so much in demand that OPA Tire Rationing officials are urging dealers who have a stock of such tires on hand to notify their local rationing board, giving them an inventory of their stock, according to state OPA officials in Columbus.

Local rationing boards are issuing certificates for the purchase of tires for essential uses only to fill the orders, and are rushed with reappearing orders.

In the belief that some dealers may have a supply of Grade III tires, OPA officials urge that such dealers get in touch with their local ration board and help to keep essential wheels moving.

LaRue Restaurant Bought by Prospect Resident

L. M. Lindley of Prospect has purchased the McMahon restaurant in LaRue and will begin operations there Thursday. Mr. Lindley, who has had 15 years of restaurant experience in Columbus and Delaware, recently has been operating his farm near Prospect.

He will soon move to LaRue with his wife and two daughters. Chester McMahon, former operator, sold the business because of ill health.

Modern Pioneer Starts Long Trek To Home in North

By The Associated Press

CLEVELAND, Aug. 11—A covered wagon drawn by three Percherons rumbled into Cleveland yesterday, carrying 66-year-old George Martin on a 1,200-mile journey to Minnesota timberlands and the fulfillment of a dream.

Martin, bronzed and wiry native of Nebraska, started his westward trek from Painesville, where he has managed a farm for the past four years. At the end of his journey, which he expects to complete in two months, he will clear part of his 500 acres of ground near International Falls, Minn., and build a home.

"When I get out west and get a home established I'll send for my wife and we'll start life all over again," Martin said. "My forefathers did it, America's forefathers did it, why can't I?"

The modern pioneer began to construct his pioneer schooner two months ago, using a ordinary farm wagon, cutting his own bows and covering them with khaki which he stitched together himself. It's loaded with a bed, cook stove and all the things he expects to need for his home. He'll cook his own meals, camp along the roadside at night.

As the schooner moved slowly along Cleveland's Lakeshore boulevard, scores of persons gathered to cheer the traveler and motorists on the busy thoroughfare sometimes stopped to give him right-of-way. He was a little surprised at the attention.

"I have wanted to do this for at least 12 years now," he said. "It seems a perfectly natural thing to do. I don't need any special license for my transportation and I'm not afraid of anything that will come my way."

Mussolini Says Honor Took Italy To War with Nazis

By The Associated Press

BERN, SWITZERLAND, Aug. 11—Benito Mussolini in his last interview with a correspondent of the Corriere Del Ticino of Lugano June 6—six weeks before his downfall—admitted Italy could have remained out of the war.

Describing his visit to the duce in the spacious hall of the Palazzo Venezia, the correspondent said he found him lean but bearing his 60 years well "despite stomach ulcers from which he has been suffering." He said Mussolini appeared sad.

"Times are hard," Mussolini told the correspondent, who reported that he spoke of the difficulty of feeding the Italian people; the hardships under the bombs whose number and weight are a prodigy that is entirely American. The war, Mussolini said, would be long, many nations until now out of it—Sweden, Spain, and Turkey—would probably be forced to enter.

The German soldiers, Mussolini was quoted as saying, dominated the Russian; the Briton is a hard fighter, while the American, "the latest arrival in the field, might in a year or so become an excellent soldier."

Asked if Italy could have kept out of the conflict, Mussolini replied promptly, "certainly," the correspondent said, and then added:

"She could have, as a small state, remained outside of the struggle. As a neutral, she probably would have had great financial and commercial advantages. But Italy judged the honor of a great nation did not coincide with only material profits. She had already proclaimed her rights and placed before the conscience of the world her problems of expansion, raw materials, work and production. To have confined herself to a neutrality based on monetary gain would have been a definite renunciation of a century-old goal. That was the reason we launched ourselves ardently into the battle."

Deposits in State Banks at Record High in Ohio

By The Associated Press

COLUMBUS, O., Aug. 11—An avalanche of war-time dollars has swelled deposits in Ohio's 444 state banks to an all-time peak of \$2,591,779,701, W. L. Hart, state superintendent of banks, announced yesterday.

This figure was reached June 30, when banks reported their current position. It represented an increase of \$304,681,801 over the previous high of \$2,226,897,900 in 446 state banks last Dec. 31.

"During the past six months these banks have purchased enough U. S. government bonds to increase their holdings over \$400,000,000, to a total of more than \$1,375,000," Hart said. "Loan totals continued to drop but the rate of decrease was less in this period than in the last half of 1942."

State bank resources as of June 30 totaled \$2,796,540,557, against \$2,146,826,300 on Dec. 31.

The Forgotten Woman of World War II

● We all admire the important part being played in this war by the WACS, the WAVES, the SPARS and Women's Auxiliary groups.

We are quick to honor the heroism of our nurses at the war fronts . . . and to laud the women workers in war plants.

But well in the background, unnoticed and unsung . . . beyond the glamour and excitement of the uniform and the assembly line . . . there is another woman who is doing a magnificent war job.

She is the HOUSEWIFE—the "forgotten woman" of World War II.

An 8-hour day? She'd think it was Heaven! Working the "Swing Shift"? The babies see to it that she does!

Hers are the endless tasks of caring for her home

and her family . . . of solving the problem of shortages in food . . . packing lunch boxes . . . preparing tin cans and saving grease and scrap and paper . . . and more and still more.

You won't hear much about the American Housewife's contributions when it's over—that's why we felt somebody ought to do this bit of reminding . . . now.

Couple Exchange Vows at Home in Galion

Special to The Star

GALION, Aug. 11 — Tuesday afternoon in Elmwood Heights, Miss Mary Elizabeth Boyd, eldest daughter of Mr. and Mrs. Ralph E. Boyd of Galion, and Vaughn Richard Benton, youngest son of Mr. and Mrs. Lloyd B. Benton of Galion, exchanged marriage vows in the home of the bride's parents. The bride is a granddaughter of the late J. C. Boyd, founder of the Galion Iron Works and Mfg. Co.

Preceding the ceremony the following music was played by Mrs. Reuben Pounder at the piano: "I Love You Truly," "I Love Thee," "Deep Purple," "Anchors Aweigh," and "Mary and Lohengrin's Wedding March." As the bride party entered, the single ring ceremony was read by Rev. W. N. Robertson, pastor of the First Methodist church, before an altar of flowers, ferns, and gladioli. The bride was given in marriage by her father.

Mrs. Boyd wore a gown of ice blue slipper satin, fashioned with a tight bodice, and full skirt with a slight train. She was attended by her two sisters, Miss Beverly Boyd and Miss Anne Boyd.

Frederick Staub of Galion acted as best man. Following the ceremony a reception was held for 50 guests and a buffet lunch was served by Patricia Boyd and June Dougherty.

Miss Boyd is a graduate of Galion high school with the class of 1941 and attended Smith college, Northampton, Mass., and Western college at Oxford.

Ensign Benton graduated from Galion high school with the class of 1939 and from the University of Rochester in April 1943, and Midshipman School at Columbia university, New York in July 1943. He is a member of Psi Epsilon fraternity and a number of honorary fraternities. He was captain of the football team during his senior year at the university and also a member of the board of control.

AFL Executive Council Weighs Application

By The Associated Press
CHICAGO, Aug. 11 — The American Federation of Labor executive council weighed the application of the United Mine Workers for a charter today against the protest and promise of an AFL affiliate to "fight bitterly for our rights."

A decision on UMW President John L. Lewis' application was expected late today. The council yesterday heard a committee report on the application and a protest by officers of the Progressive Mine Workers of America, a relatively tiny offshoot and rival of the Lewis union in Illinois and Kentucky.

Ohio Primaries Draw Less Than Half the Usual Vote
Preceded by listless campaigns, municipal primary elections in a number of Ohio cities yesterday attracted less than half the eligible voters, virtually complete unofficial returns indicated today.

One of the most badly contested races in the state was at Youngstown, in the first city primary in more than two decades. The Republican majority race first to be held after repeal of a city charter provision for a non-partisan election, resulted in Arthur W. Williams, investment salesman, taking a 221-vote lead over his closest competitor, Williams polled 5,368, and Council President Arthur H. Gundry received 5,147 votes.

Youngstown Winner
In Youngstown's Democratic primary, City Engineer Ralph W. O'Neill was given a substantial margin over Mahoning County Commissioner Thomas R. Bess and Assistant City Law Director James W. Cannon.

Akron's blind mayor, George J. Harter, won a one-sided re-election on leave from submarine duty. He is a petty officer with a submarine division of the U. S. Navy.

Clyde Brookover, stationed in North Africa, has been promoted to corporal, according to word received by his wife, Mrs. Ralph Gay, of 131 Waterloo street.

Thomas C. Clark, boatswain's mate first class in the U. S. Navy, son of Mr. and Mrs. Willard Clark of 202 Orchard street, has left for Tampa, Fla., after a 15-day leave at home. He returned to this country recently from active duty off southwest Africa.

Francis Galsky, son of Mr. and Mrs. Michael Galsky of Patterson street, who has just recently been promoted to corporal, returned Sunday to Camp Williams Air-drome at Camp Douglas, Wis., after spending two days at home.

Pfc. Edward W. Riester, stationed at the Rome Air Field, Rome, N. Y., was at home recently for three days visiting Mr. and Mrs. J. P. Eichhorn of Route No. 7 south of Marion where he made his home for a number of years.

Wins at Lancaster
Also renominated was Lancaster's Mayor William J. Belhorn, a Democrat, who defeated Charles W. White. Fred Van Stein won the Republican mayoralty nomination.

Democrats at Newark renominated Mayor Arthur D. Lockwood. The Republican primary was won by James Neighbors, who defeated councilman Harry Payne.

Mayor S. Robert Weirich, a Republican, and former Mayor Jacob S. Coxey, a Democrat, were unopposed in municipal elections at Massillon.

Councilman Samuel Kirkland was the Republican party nominee for mayor of Alliance to oppose Frank W. Oakley, a Democrat, who was unopposed.

Urbana's Republican Mayor Dallas McCrery failed in his try for renomination, losing to Warren G. Grimes, a councilman, by 1,115 to 772.

Mt. Vernon's Mayor Forest L. Sparks, Republican, was nominated for a third term. Democrats nominated Harry Bennington by write-in to oppose Sparks.

VERNONWARE
MAY FLOWER
The May Flower design, created by one of the outstanding artists of the Vernon art staff, was inspired by his own garden in California in the early morning of a day in May. No one could help surrendering to the charm of this colorful and artistically arranged group of flowers. The design is further enhanced by the beautiful shape designed by Royal Hickman, the noted ceramic designer of Swedish ware. The May Flower design, like all Vernonware, is craze-resistant, and not liable to chipping and cracking. The entire design is underglaze, to protect it from fading and wearing off. With reasonable care a set of May Flower should serve you faithfully for many years to come.

Tokyo Reports Allied Ship and Plane Losses

By The Associated Press
LONDON, Aug. 11 — A Tokyo broadcast quoted the Japanese navy department report as announcing 152 allied ships, 21 had been sunk and 930 45 damaged in the South Pacific since the start of the war.

The department also stated that the Japanese navy had sunk 1,330 45, 1,000 in combat and destroyed or damaged 315 on the ground.

These claims were set out in a report by the Japanese navy department in the Pacific.

Plans Outlined by Junior Fair Board
Officers To Meet First Day of Fair To Arrange Space.

Plans for the 1943 Junior Fair will be made at a meeting of the board of directors of the Junior Fair board of the county, which will meet at 10 o'clock in the forenoon in the public building on Tuesday.

It was decided to hold another meeting of board officers on the first day of the fair to prepare the plan of space. Officers recommended last night that each junior fair board member in the county should be notified of her name and other information written on a paper to be handed to the executive committee.

Tentative plans were also made to hold a series of radio programs concerning the 1943 Junior Fair of Marion county. If programs are worked out, members agreed that girls on the board should broadcast the first program, boys the second, and the entire board the third.

John Dietrich, member of the senior fair board, was present.

REGISTER FOR CAMP

Two local Y. M. C. A. members have registered for attendance at the annual Hi-Y camp to be held from Aug. 23 to Sept. 2 at Camp Nelson, Ohio, near Mt. Vernon. Earl N. Hale, executive secretary of the Y. reported today they are Bruce Nystrom of 441 Hodge avenue, member of the junior class Hi-Y of Harding High school for the 1943-44 school year, and Max Seckman, boy's summer work director of the Y.

Mr. Hale singles out the fact that most Marion high school boys are employed in steady jobs this summer as the reason for the low representation at the camp this year. In past summers, when many Hi-Y boys could not attend vacation employment, attendance at Nelson Dodd was much higher.

Coca-Cola Beats Universal Cooler 8 to 6; Huber Wins from Waldo Dodgers 14 to 13

Scoring six runs in the first six innings, Coca-Cola outplayed and outmaneuvered Universal Cooler, 8 to 6, at Lincoln park last night. The Waldo Dodgers were also the impressive at Graceland park but finally bowed to Huber, 14 to 13, in a game where runs came in big clusters. In the last strictly industrial league game last night, General Excavator grabbed third place for keeps by defeating Commercial Steel, 10 to 1, at McKinley park.

Both the Coca-Cola and Huber-Waldo games were inter-district, and Commercial Steel's game was a district game. Coca-Cola and Universal Cooler were the only teams in the personal play, and both of them were the winners.

Before Universal realized what was brewing at Lincoln park, Coke called six runners in the first two innings to leap ahead with a four-run margin.

Four runs were made in the second frame by the soft-drink outfit. Reuben A. was the first to reach base in the inning. A Coder error gave him a safe station on first base. Bill Everly, normally one of the city's best control artists, then fast-forwarded and walked Weber, Watt Merchant, and Fritz Walters in succession to force in the first Coke run of the inning. With the sacks loaded, third baseman Wil-

BATTLE ROYAL

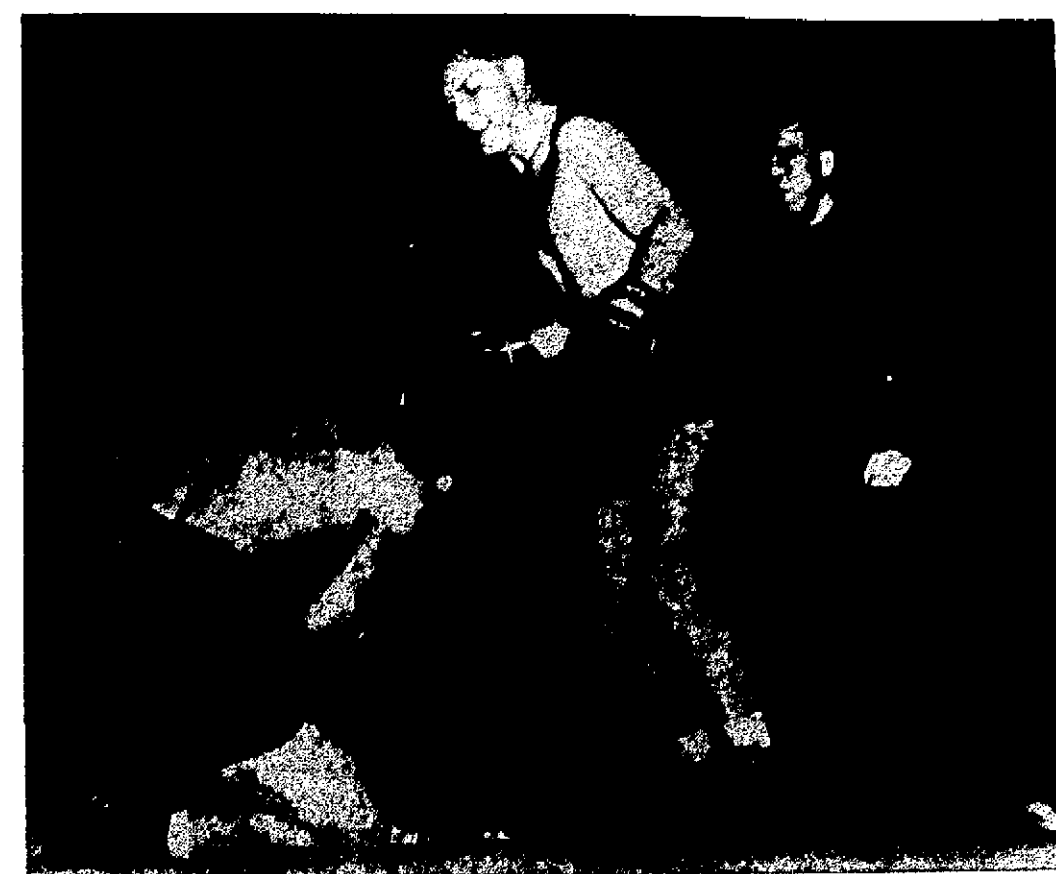

For Thursday's wrestling program at the Army on West Church street, Matchmaker Les Fishbaugh has signed six toughies in what should prove to be a highly entertaining battle royal program. The sextet of meemies includes Rufus Jones, the sepia-skinned Gotham star; Buddy Knox of Nashville, Tenn.; Joe Ferona, rough Boston-born Italian; Alia Pasha, the bearded Hindu; Gil La Crosse, famed Toledo heavyweight; and Fred Carone, the stout Boston scrapper.

Imagine what it will be like when these six hard-boiled rough necks go at each other all at once at 8:30 p. m. Thursday?

The first two scrappers to be downed will be ineligible for further competition. The next two will return for the one-hour semi-final event and the finalists will hook up in the main-go, a two-hour battle requiring two falls to win.

Tickets may be purchased in advance at Market & Lewis on East Center street.

Fans Can Take Their Pick As Huber and Cooler Seek Title

Two softball machines of practically equal force, the Universal Cooler express and the Huber steamroller, will collide at Lincoln park tomorrow night for the industrial league crown.

Comparing the two industrial outfits, which tied at the end of regular season play with seven wins and one loss, position for position, they stack up about even-steven.

Bill Barber, Lee Barber, Ray Hecker, and Sycks each got two hits for the Diggers. Steeler stickers banging out two smacks were Scott, Bigstaff, and DeBolt. Nobody on either team could get more than two hits.

Son of Blenheim II Sells at Auction for \$66,000

By The Associated Press
LEXINGTON, Ky., Aug. 11—William Hells, New Orleans sportsman, was the proud owner today of a \$66,000 chestnut colt, sired by Blenheim II, daddy of Whitelaw and other great thoroughbreds.

He bid in the prize youngsters during a spirited auction last night at the annual yearling sales, transferred from Saratoga Springs, N. Y., to Kennelwood park because of wartime transportation difficulties.

The price is the highest paid at an American auction in 15 years and is eclipsed only by the \$75,000 handed out for New Broom in 1928 and the \$70,000 that Hustle On brought in 1927.

REDS OPEN 4-GAME SERIES WITH BUMS

By The Associated Press
BROOKLYN, Aug. 11—The Cincinnati Reds, eager to try their muscle on the cascading Brooklyn Dodgers, open a four-game series here today.

The recent rise of the Reds from fourth place to within a half-game of the second place Pittsburgh Pirates has raised the temperature of the Cincinnati fans.

Among the contributing factors to the Reds' upswing has been the splendid play of Estel Crabtree, 39-year-old veteran who hails from Nelsonville, O., whose base knocks when the Cards are down have meant the difference.

At present "Crabby" is leading the Cincinnati batters with an average of .319.

Johnny Vander Meer is slated to pitch today, while Whitlow Wyatt, the bald eagle of Brooklyn, will be on the mound for the Bums.

Navy Approves Grid Training for Fighters
By The Associated Press
WASHINGTON, Aug. 11—Football is important training for men preparing to go into battle—which is the only reason the navy has made 100,000 collegiate trainees eligible for varsity gridiron competition this fall.

The navy has ruled that about 77,000 cadets in its "V-12" program may play football for any of the 212 colleges or universities where they are stationed. The army has forbidden varsity sports for its trainees, contending they don't have enough time.

Lieut. Comdr. Frank H. Wickhorst, head of the pre-flight athletic program, summarized the Navy view this way today:

"Many of the same elements of competition apply to both football and battle combat. Participants in both require bodily strength, mental alertness, expert training and competent leadership."

By The Associated Press

NEW YORK, Aug. 11—Zack Lincecum, a baseball player, is a member of the Army's baseball team in North Africa. And Johnny Goodman has been locked out in his G.I.s at Fort Crook, Neb.

The up is out that George P. (Watson) Marshall is trying to trade his Washington Redskins' holdout, Andy Farkas, to the New York Giants for Tuffy Leemans—even up.

How about throwing in three snorts, damp-dry, George?

Haagg (Gundersen a wonder!) over Hulse and Phonograph, the scratches in this record in the Hambletonian, but hold out enough carfare home—just in case of a tie.

Dis-and Dat-a

Suppose you noticed where today's big league schedule has games starting at 10:30 a. m. and 12:30, 1:30, 2:30, 3:30, 5:30, 5:45, 8:30 and 9:30 p. m.—and what time does the midnight train leave?

Next stop probably is a time table with "X-runs Sundays and alternate blue Mondays."

That'd be for the Athletics, naturally. Pat Purcell of the Minneapolis Times notes it is unlawful out that-a-way to use narcotics while hunting deer—and inquires when is it legal?

Gorgeous Gloria Callen has about made up her mind to call it a swimming career after this year—and grab one of those movie contracts she's been turning down.

Today's Guest Star—Dick Freeman, Houston Chronicle: The woes of a wartime coach are many and varied. Jess Neely at Rice expected to look over some 90 youths in the summer football practice sessions last Thursday. The number was cut down with no notice. The reason? It was pay-day for the Naval trainees stationed at Rice, and if you think they are going to abandon the line in front of the pay-window to practice football, you don't know youths. (For old guys, either Dick.)

K. P. Peellins—Jimmy Murphy, Canton (Ill.) Ledger sports editor reports that Sgt. Vince Garrity, the ex-Chicago Cubs ball boy, is managing the Camp Ellis baseball team, and, so far as is known, is the only Army sergeant with two lieutenants as assistants—Robert Farmer and James Yerkes, the team's coaches. "They take orders, too," Jimmy hears. "The Santa Ana (Calif.) air baseball team, powered by Joe DiMaggio, won't have a thing on the base's grid outfit—what with Indian Jack Jacobs, the Oklahoma block buster and Merle Hapes of the Ol' Miss "H-Twins" bouncing around the backfield.

Yankees Now Forced To Do Most of Their Heavy Hitting in Their Own Home Territory

By JUDSON BAILEY
Associated Press Sports Writer

The New York Yankees, when they were better known as the "Barnstormers and Murderers Row," used to sweep through the country, beating opponents as if they were at home.

In this year the American league leaders are having a bit of trouble trying to keep from getting lost every time they leave the subway tunnel.

On their first western trip they dropped six out of seven games, and on their next time around they lost four of their five games. They might have come home in disgrace except for capturing the pennant in two days at Chicago.

The Yankees started their last swing of the western circuit yesterday on the wrong foot—losing 10-2 before the St. Louis Cardinals—and giving some fans a faint new hope that the Yankees are around while the McGraws are away from Yankee Stadium where they have won 35 of 42 games this season.

The Yankees made 13 hits, including a home run by Mark Christman, but lost at shortstop because of a double play. The Yankees have a lame ankle on the right foot.

The Yankees not only lost the game, but also Joe Gordon, who was the star second baseman, was hit back making a play in the first inning and was retired from the game.

Yesterday's only other major league game was the Chicago White Sox beating the Boston Red Sox 4-2 at Fenway Park.

The Sox took their third-place position in the American League.

Other games were on the radio, giving baseball a national program from morning to night.

Russ Peters Gets Chance To Play Third Base for Tribe

By The Associated Press
CLEVELAND, Aug. 11.—A player who has spent most of his time plunking bench splinters from the seat of his pants becomes an important member of the Cleveland Indians infield tonight as the Tribesmen engage Connie Mack's Philadelphia Athletics in a two-light-night double header.

The severe spike wound which third baseman Ken Keltner received in the right ankle in a game with the St. Louis Browns last Sunday gives bespectacled Russ Peters his first chance to play regularly since he joined the Redskins four years ago.

Until now his activities have consisted of serving as an infield replacement in pop-fests, lost games, occasional pinch hitting chores, warming up pitchers and acting as bullpen courier for Managers Oscar Vitt, Roger Peckinpaugh and Lou Boudreau.

The Tribe's forgotten man has been at bat only 38 times this season and has an anemic .125 batting average.

Allie Reynolds and Al Smith are trial mound selections for the double bill with Orrie Amten and Lou Cella elbowing for the Mackmen.

INDIANS ON WARPATH IN AA RACE AGAIN

By The Associated Press

The Indians of Indianapolis are on the warpath again in the American association pennant struggle.

After a terrific slump in which they lost 10 straight games, the Indians have bounced back to win five of their last six encounters.

Numbers four and five came last night in a double header triumph over league-leading Milwaukee. Big George Diehl shut out the Brewers on three hits in the opener to win, 3-0, while Glen Fletcher allowed six hits to take the afterpiece, 4-2.

The twin victory coupled with Columbus' 10-2 loss to St. Paul brought the Indians within a half game of the second place Redbirds and within four and a half games of the Brewers.

At Toledo, Harry Krimberlin and Fred Sanford hurled the Muehens to a double win over Minneapolis, 2-1 and 9-3.

Louisville rallied to tie the Kansas City in the ninth and again in the 10th, but finally lost in the 11th, 6 to 3, when Buster Blakeney homered with two on base.

Post-War Sports Revival Seen

By FRITZ HOWELL
Ohio AP Sports Editor

LORAIN, O., Aug. 11.—Although nine members of the Ohio athletic conference have abandoned football for the duration, Commissioner George Daniel predicted today the 1945-46 loop would experience a post-war sports revival exceeding that enjoyed before the world conflict started.

Ashland, Heidelberg, John Carroll, Kent State, Kenyon, Marietta, Ohio Northern, Toledo and Wittenberg will not participate in the pugilist parade this year, and several others may drop out before the season starts.

"I believe," Commissioner Daniel said, "the Ohio Athletic Conference will hold together during the war, even though playing schedules are greatly curtailed. By sticking together, and holding our regular meetings, our post-war problems will not be so perplexing. There is every indication the conference will remain solvent, and so gain prestige and strength for the years after the conflict."

"I look for a real revival of sports in our colleges, both of the intercollegiate and the intramural brands, following the war. The revival probably will put sports far ahead of the place athletics enjoyed before the conflict started."

Commissioner Daniel took a broad view of the athletic situation in his loop, declaring:

Star Golf Trophy Put on Display

Marionites may view the Marion Star cup for county golf champions in the window of the Anson Pickrel Clothing Co. on East Center street. This cup, about two feet high and plated in gold, will remain in the store window until the county tourney gets under way Aug. 22. The cup will be awarded to the golfer who comes out on top in the first flight of this year's county links event.

Last year, Bob Owens, now in the Navy, won temporary possession of the cup. After it had been obtained from Owens yesterday by the county golf committee, the cup was given a "rub-down" and is now in practically new condition as it glitters in the clothing store window.

HARDIN COUNTY MAN KILLED IN ACCIDENT

Dies Few Days Before Induction Into Army.

Special to The Star

KENTON, O., Aug. 11.—The body of Len Spradlin, 23, an employee of the Lima Tank Depot, who was to have been inducted into the United States army Aug. 13, today was sent to Prestonburg, Ky., for funeral and burial. He was killed instantly early Tuesday when the automobile in which he was riding collided with a truck along U. S. Route 30-S, eight miles east of Lima.

Two other occupants of the car, Cyril Coker, 40, owner, also employed at the Lima Tank Depot, and Calvin Jordan, 18, employee of Victor Huston, were rushed to Lima Memorial hospital for treatment of injuries. All three reside in McClellan.

Tiffin Man Found Dead in Auto Near Wharton

UPPER SANDUSKY, Aug. 11.—Frederick B. Cramer, 61, of Tiffin, was found dead in his car Tuesday two miles north of Wharton. Mr. Cramer's body was found by a passerby who pulled the car in the ditch on the left side of the road. Sheriff Fred L. Jones was notified and the Justice of the Peace W. P. Rowland, who is the acting coroner, in Wyandot county investigated. Cramer, who gave a verdict of death due to a heart attack, suffered only a short time previous to the finding of the body.

The body was removed to the Brainerd & Co. funeral home in Upper Sandusky and later was taken to the Paul Funeral home in Tiffin.

Mr. Cramer is survived by his wife and four children.
